Not in one line only, but in every department of the store you will find a full stock of New and Up-to-Date Goods.

Our Millinery Department

has received extra attention this season, and as we had no old goods left, we can show you all the newest and latest things in stylish headwear. This department will be in charge of Miss Augusta Croft, of Baltimore, and Miss Lizzie Johnston, of Winnsboro. Both these ladies are experienced milliners and can give you all the new ideas as to style.

Closing Address at Mt. Zion.

Prof. A. G. Rembert of Wofford College has accepted the invitation to make the closing address at Mt. Zion on June 9th. He is one of the most successful teachers in South Carolina and when he speaks always has a message that it sure to interest. Mt. A Winnsboro Woman Asks

"have you a floor paint that lasts two weeks?" Yes we have Devco's; it has a beautiful gloss and will wear two years if properly applied. John H. McMaster & Co.

A Sad Death.

The death of little Hugh, the four-year old son of Mr. and Mrs. E. F. McKeown at Rion, on the morning of the 12th was indeed a sad one. The little fellow had been suffering from a cold and was taking a cough syrup. When the father got ready to give him his medicine, he got hold of a bottle of carbolic acid by mistake and gave the little fellow the dreadful poison. Death ensued in a short time.

His remains were taken to Blackstock and interred in the Bethlehem cemetery near that place. The bereaved parents have the deepest sympathy of their many friends throughout the county in this sore affliction.

For your ice and fresh meats call on Jno. W. Russell, All orders promptly filled.

Farmers to Meet.

The meeting of the farmers of Fairfield county called for Saturday March 25th should be largely attended. The meeting will be held in the court house and will be called to order promptly at 11 o'clock. Messrs Smith and Hyatt who have been doing so much for this great work, have both promised to be on hand at that time.

Mr. Smith is just back from a trip to the west and he reports that the movement is gaining in favor and that there is no question about it that the farmers are going to cut down the acreage.

Mr. Hyatt who has been to several other places in South Carolina reports that in this state the farmers are determined to cut down the acreage.

Every farmer in the county who can should be at the meeting to be held Saturday to show that they are in sympathy with this movement which if carried out, will mean so much for the Southern farmers.

The Municipal Primary.

The Municipal Democratic primary, held Monday, resulted in the nomination of the present officials without opposition, Mr. A. M. Owens being nominated for the vacancy on the Council caused by the removal of Mr. Douglass from town. It is hardly probable that there will be any opposition to the following nominees at the election April 4:

Mayor.
T. H. KETCHIN.
Aldermen.
W. C. BOYD.
A. W. BROWN.
A. B. CATHCART.
JNO. F. DAVIS.

Caldwell's Millinery Opening.

The Caldwell Dry Goods Co. will have their spring Millinery Opening Thursday, Friday and Saturday of this week, March 23-25. They will make a grand display of Pattern and Trimmed Hats and show a full stock of Up-to-date Millinery. Their Millinery Department is now conducted by Misses Croft and Johnston, experienced Milliners, who will take great pleasure in showing you all the latest styles in millinery.

During this opening there will also be on display their complete new stock of Spring Goods in every department of the store. This display will be a very attractive feature of this opening.

For the convenience of those who cannot call during the day, they will keep their store open Thursday night from 8 to 10 o'clock. All are most respectfully requested to call and see the beautiful selections they have made for their spring trade.

The millinery openings of this firm heretofore have always been a very attractive social feature and there will be no exception this time. No efforts will be spared to make all who call feel perfectly at home.

A Subscription Statement.

Within the past few days we have mailed a statement to all subscribers who are four months or more in arrears. This should have been attended to earlier, but was postponed because so many were still holding their cotton and had not made arrangements for the year. It is to be hoped that all will now come forward and give this matter prompt attention. While the amount that each one owes is comparatively very small, yet the sum total of all these little amounts is a considerable item to us. As stated before, the cost of publishing The News and Herald in its enlarged form is necessarily much larger than formerly and it is expected that the subscribers will show their appreciation of this larger effort to give them a creditable county paper by giving it that financial backing that it is due.

It has been our policy all the while to continue sending the paper until ordered to stop. This we have done because we recognize the fact that it is not always convenient for our subscribers to send the money promptly. On the other hand we always stop the paper as soon as it ordered discontinued.

Books for the Library.

The following books have been loaned to the Library by Rev. C. E. McDonald: The Woman's Story, The Gilded Age, Autobiography of Samuel Irenaeus Prime, Saved by Fire.

While this is not a very large number, it is appreciated none the less, for it shows an appreciative interest in the work that the Library is doing, and is a fine example for others to follow. If more members will do likewise, it will not be very long till the Library will have a good collection of books. Every book loaned to the Library is taken the very best care of and such a correct account is kept of all books let out that it is a very rare instance indeed when one is lost.

The committee that has in charge the selection of the new books is very busy at work. It is their desire to put in some books of reference and other works that can not be readily had in town. Nothing will contribute more to this desirable end than the loan of standard fiction, etc., by members. It is desired to make the Library of practical use as well as popular.
